# WHAT OTHERS ARE SAYING!

**Absolutely love these gorgeous book covers!**

The Sydney Teacher has you covered for all your necessary resources! Thank you so much for these gorgeous Classroom Line Art Book Covers. **They look so stylish and elegant with loads of fun for the kids to colour!** Thank you :)

Students loved being able to decorate their own book covers and colour in the pictures. **Great fast finisher choice at the beginning of the year.**

Thanks!

My kids have enjoyed colouring these in throughout their first week of school. **They are a great option for mindful colouring** and also make their books look fab. I am a teacher who loves consistency amongst their labels and book covers so this is the perfect balance between that and the kids having their own unique colour and style in it too!
