READY TO ENGAGE YOUR LEARNERS WITH EXCITING HANDS-ON PUZZLES?

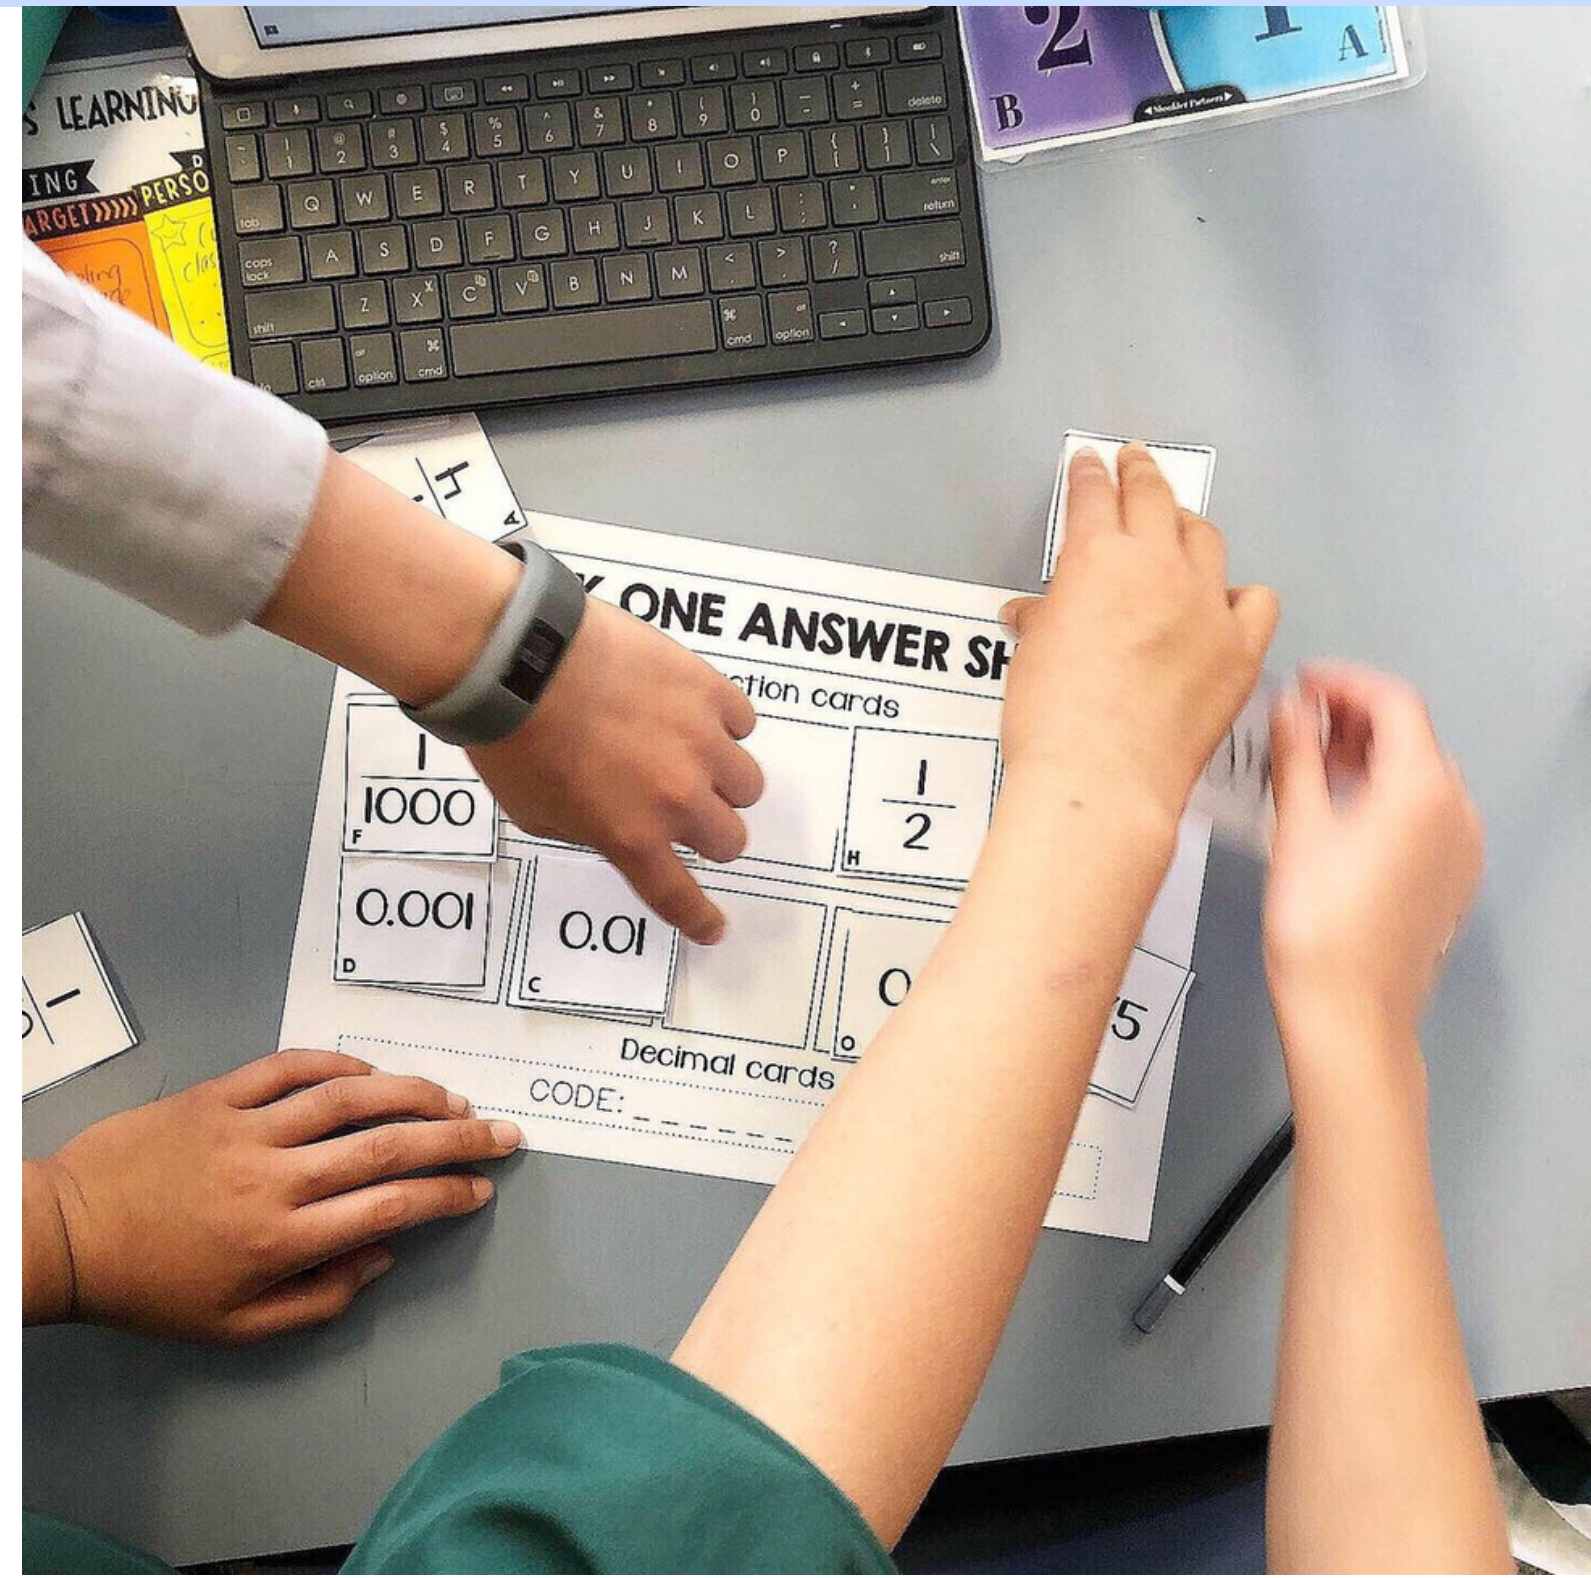

Escape Rooms provide an engaging and exciting way for students to think creatively and work collaboratively!

All 4 puzzles are hands-on and Australian curriculum-aligned

This pack includes everything you need in an easy print and go format!

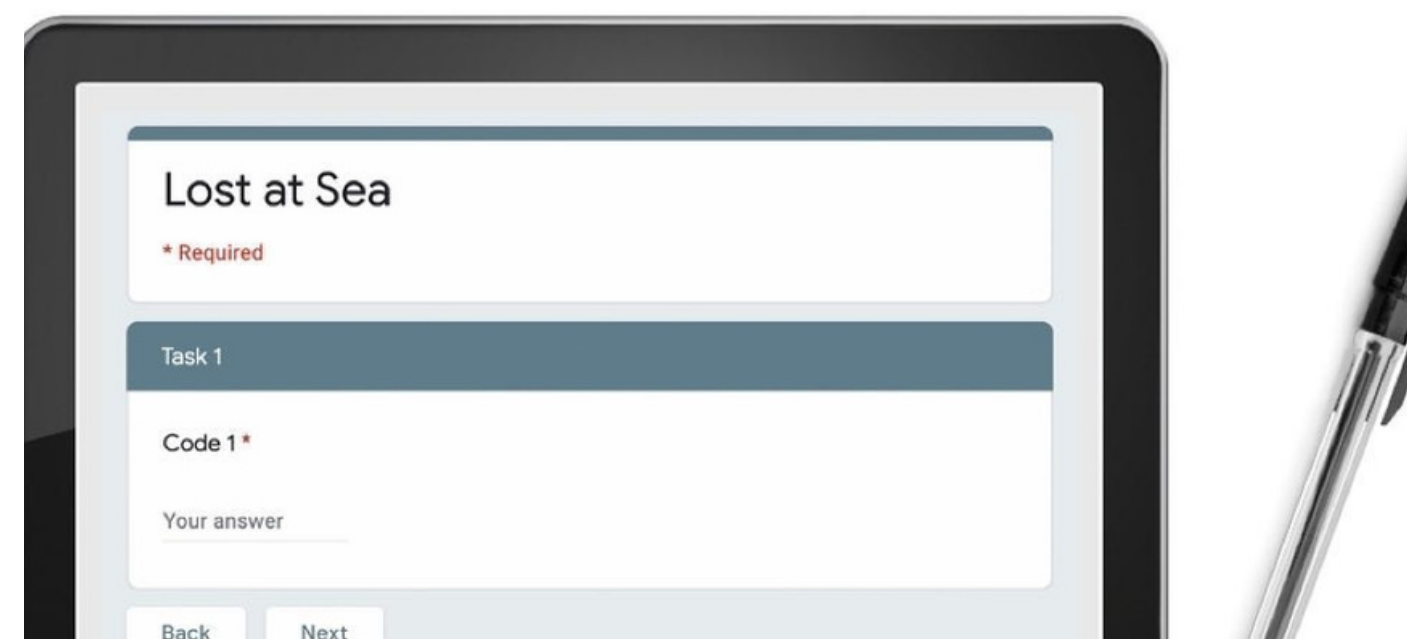

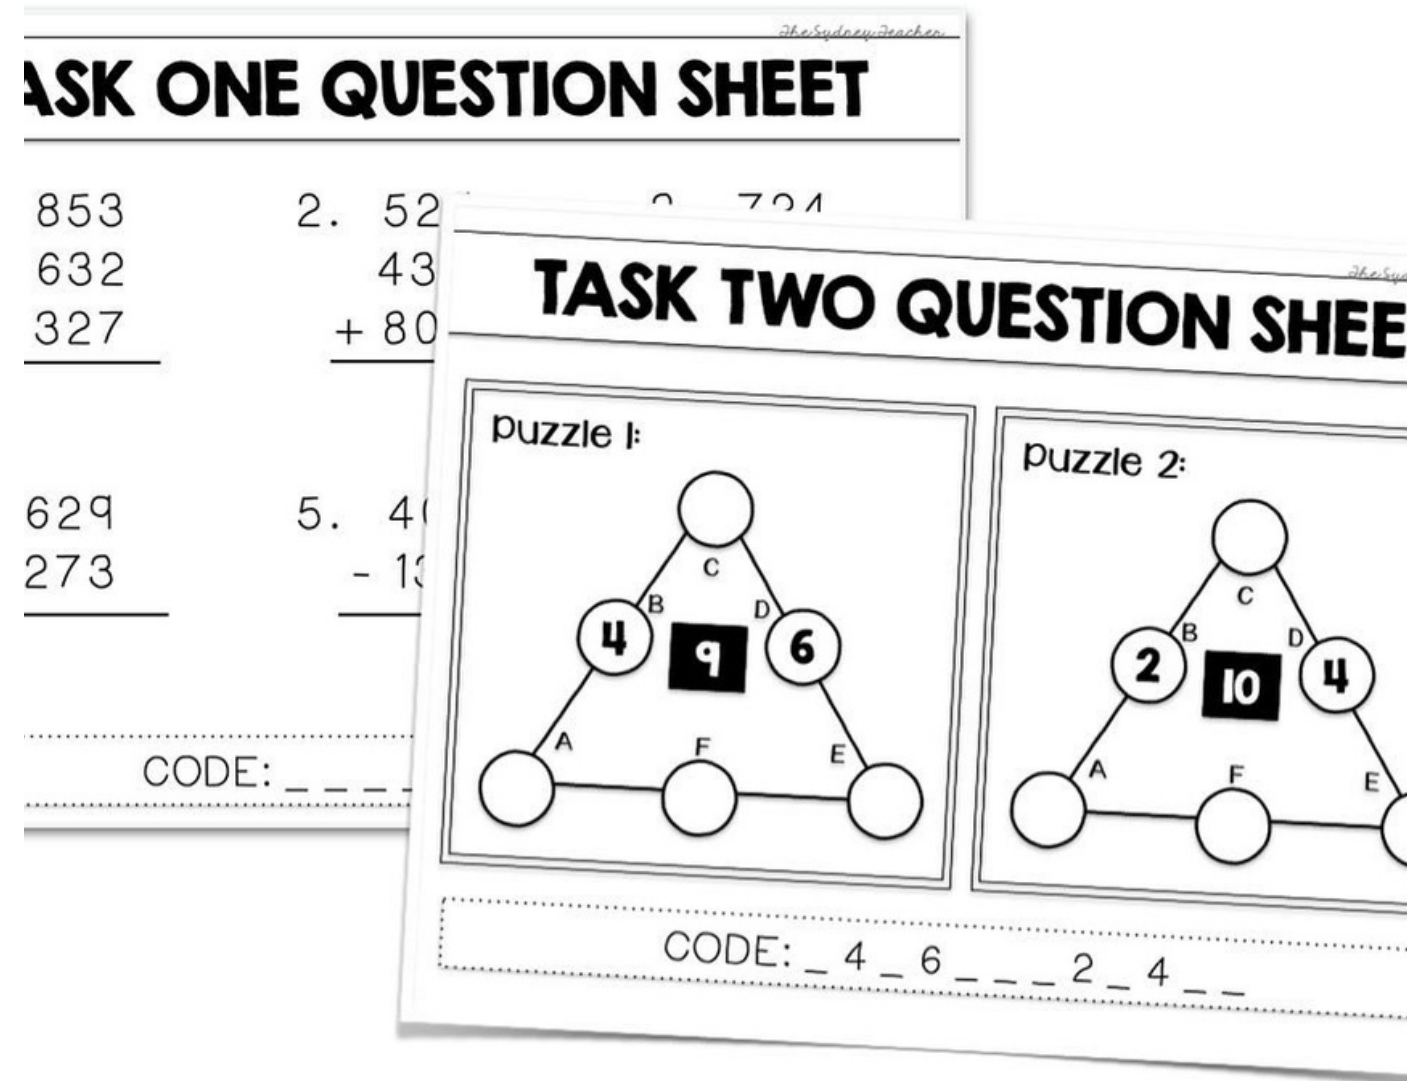

WHAT'S INCLUDED?

- Access to an exclusive and original video that sets the scene to save the ship!
- 4 addition and subtraction puzzles that develop problem solving skills and require collaboration
- Access to a digital (Google Slide) version of the activities
- Access to a self-checking/marking Google Form - no teacher marking required!

HOW DOES IT WORK?

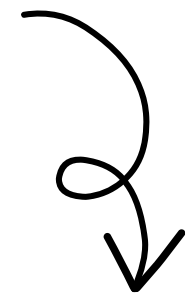

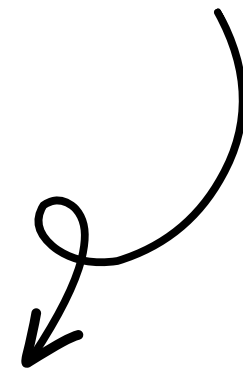

- 1 Play the original animation video to set the scene to save the ship and get students excited for the challenge!
- 2 Students work together to solve the 4 addition and subtraction puzzles and uncover secret codes
- 3 Before moving from one puzzle to the next, students check their answers on a self-marking Google Sheet
- 4 When they have saved the school, students will receive a congratulatory message!

DO IT YOUR WAY!

Print and go!

SAVE THE LOST SHIP!

**YEAR
5 & 6**

WHAT OTHER TEACHERS ARE SAYING!

My students love these escape rooms!

So engaging and gets them thinking and problem solving. **Highly recommend!**

A brilliant resource! ALL students where highly engaged. I allowed

students to work together when solving the problems and it allowed for a fantastic opportunity for teamwork :)

This is a great product to help revise addition and subtraction. **The kids loved the escape room and were all engaged during the activity.**

LOOKING FOR
MORE?

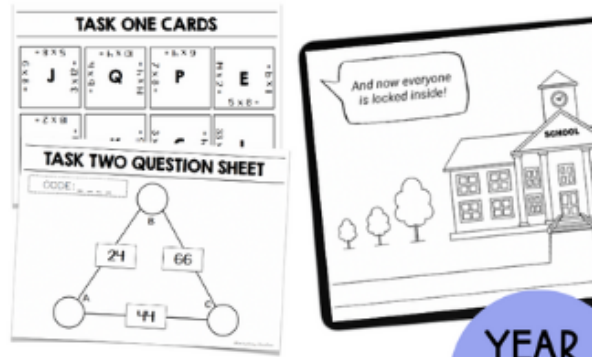

“My students absolutely loved this resource, we started with the Multiplication one and they found it challenging enough to stay engaged the entire time, but not so challenging that they were unable to complete it. I'm planning to do one escape room per week as a consolidation task. Highly recommended.”
