READY TO ENGAGE YOUR LEARNERS WITH EXCITING HANDS-ON PUZZLES?

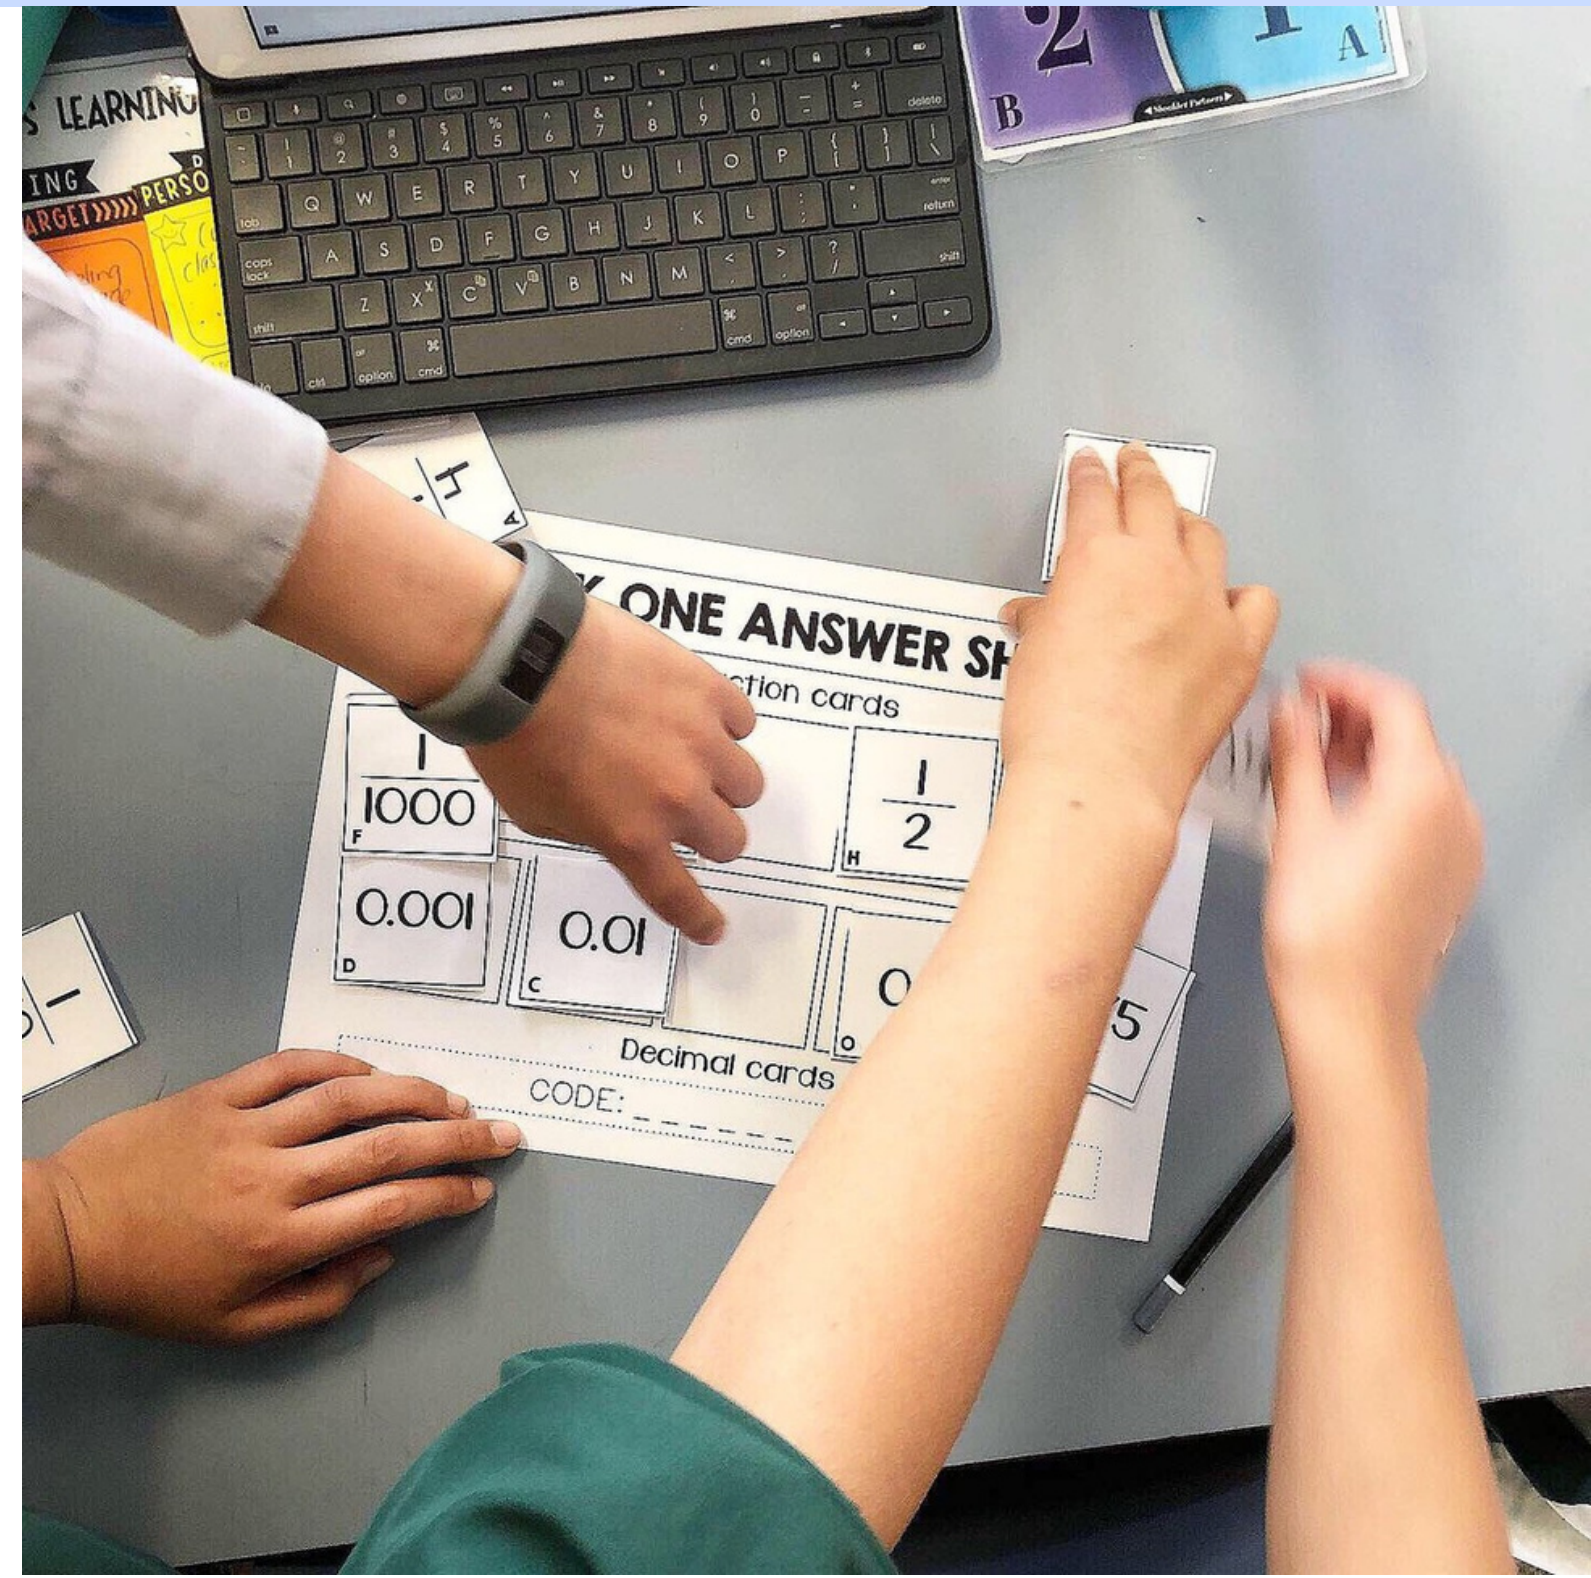

Escape Rooms provide an engaging and exciting way for students to think creatively and work collaboratively!

All 4 puzzles are hands-on and Australian curriculum-aligned

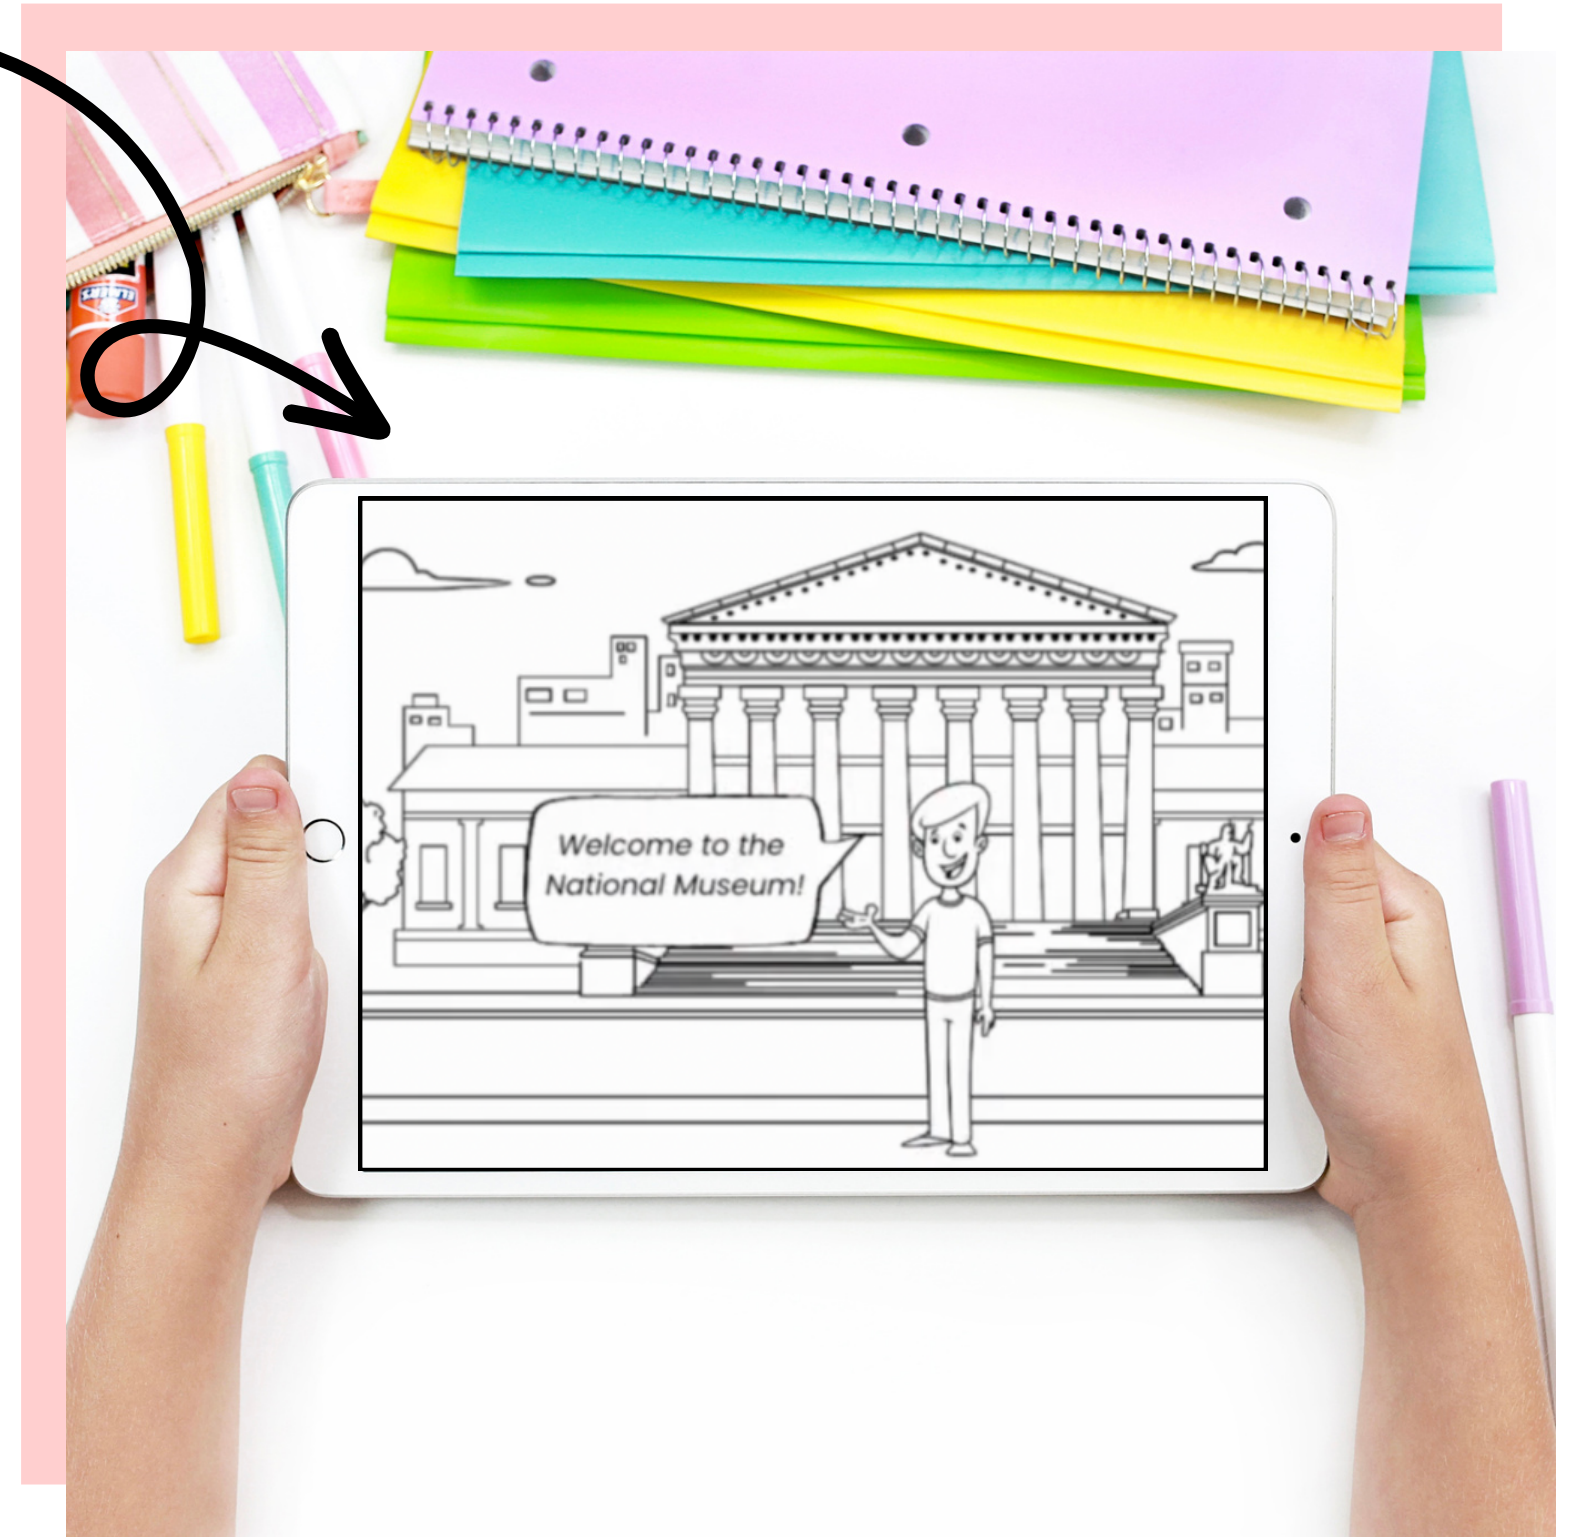

This pack includes everything you need in an easy print and go format!

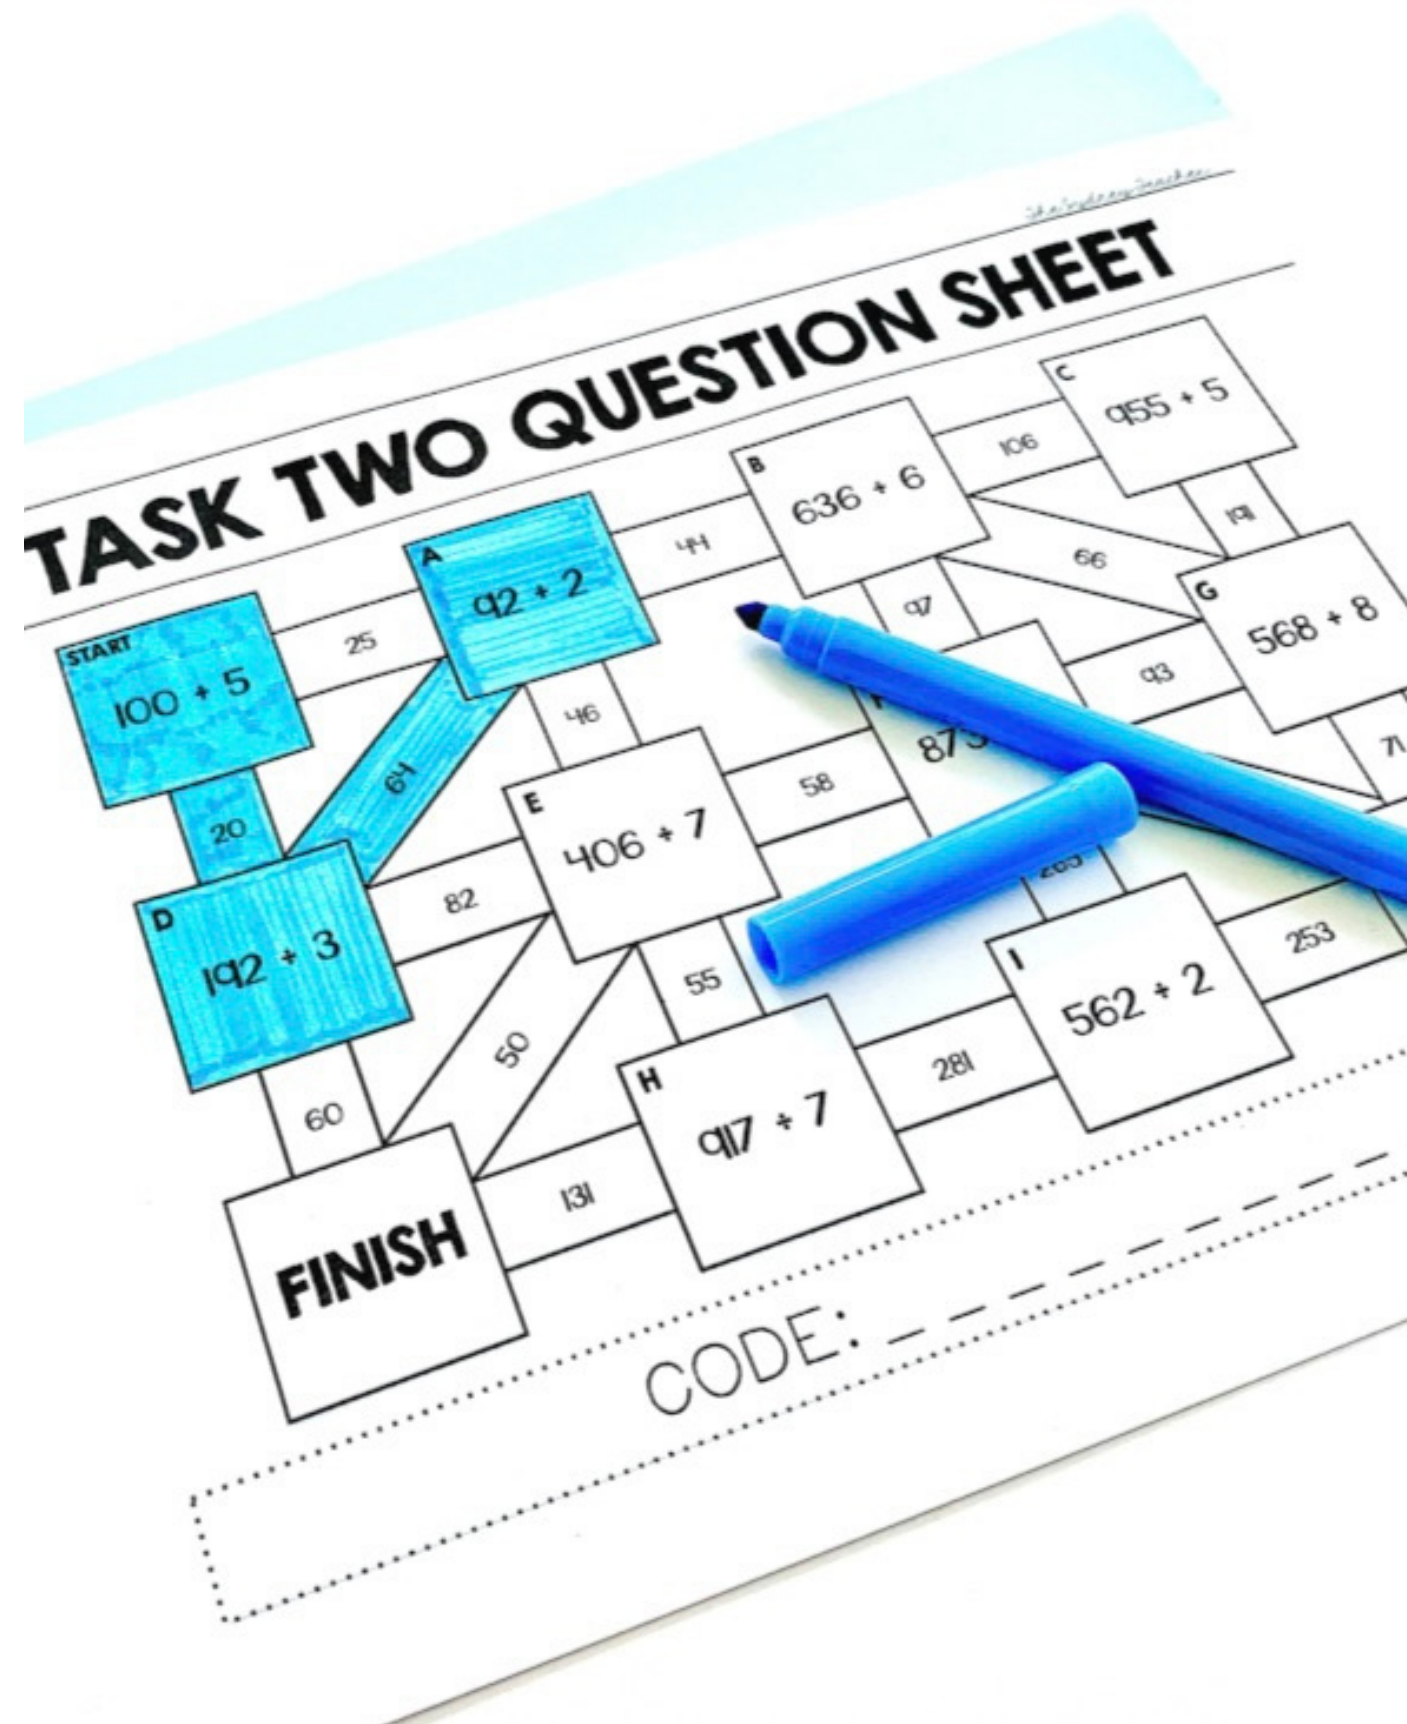

WHAT'S INCLUDED?

- Access to an exclusive and original video that sets the scene of the 'Museum Heist'
- 4 division tasks that develop problem solving skills and require collaboration
- Access to a digital (Google Slide) version of the activities
- Access to a self-checking/marking Google Form - no teacher marking required!

HOW DOES IT WORK?

- 1 Play the original animation video to set the scene of the 'Museum Heist' and get students excited for the challenge!
- 2 Students work together to solve the 4 division puzzles and uncover secret codes
- 3 Before moving from one puzzle to the next, students check their answers on a self-marking Google Sheet
- 4 When they have saved the school, students will receive a congratulatory message!

HOW YOU CAN USE THIS RESOURCE

This escape room is perfect for...

- Revising division concepts
- Helping your students develop effective communication skills and team work!
- Whole class rewards!
- Open classrooms that WOW parents!

SAVE THE MUSEUM!

**YEAR
5 & 6**

WHAT OTHER TEACHERS ARE SAYING!

This resource had my entire year 5 - very mixed ability - class engaged for the whole lesson! The **students were so captivated** by the activity and use of character that they did not mind they were using math talk effectively!

Another fantastic resource - thank you SO much for sharing your talents. My students really enjoyed the challenge and I **loved seeing them work together to get through the puzzles!**

My students loved this resource!
Even the most disengaged students worked together to solve the problems and compete to be the first finished! **Loved it and have used it again and again with new classes.**

LOOKING FOR
MORE?

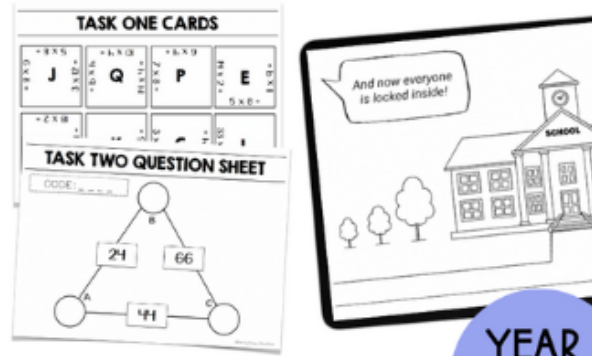

“My students absolutely loved this resource, we started with the Multiplication one and they found it challenging enough to stay engaged the entire time, but not so challenging that they were unable to complete it. I'm planning to do one escape room per week as a consolidation task. Highly recommended.”
